

RGPs of Ontario 4th Annual Education Day

May 30, 2019 | 8:00 AM – 4:00 PM

Holiday Inn Toronto Yorkdale, 3450 Dufferin Street, Toronto

Optimizing the Integration of Geriatric Medicine and Geriatric Psychiatry Services

Objectives

- ✓ Understand the history of Geriatric Medicine and Geriatric Psychiatry as sub specialties in the care of frail older adults.
- ✓ Understand the nature of multi-morbidity in the context of late life mental illness and dementia.
- ✓ Learn about and practice using the concept of a 'geropsychiatry integration continuum' to identify strengths, gaps and opportunities in service development.
- ✓ Understand diverse approaches to service integration.
- ✓ Consider development of service integration from a knowledge to practice perspective.

Who Should Attend

This conference will be of interest to all health professionals, health care administrators, health system planners, students and older-adult/family caregiver advisory group members whose work is linked to geriatric medicine and geriatric psychiatry services.

AGENDA

Thursday, May 30, 2019 | 8:00 AM – 4:00 PM, York Hall

***You can always see a piece of the future in the rearview mirror
(adapted from Marshall McLuhan)***

geriatric
certificate
program™

In collaboration with the Regional Geriatric Program Central and multiple educational partners, including the Division of Geriatric Medicine at McMaster University, a unique geriatric curriculum is being offered - the Geriatric Certificate Program (GCP). This program is open to anyone in the field of aging and requires the successful completion of seven courses and online quizzes. For more information, please visit

www.geriatriccp.ca

RGPs of Ontario Annual Education Day is an elective credit for the Geriatric Certificate Program.
